PE leadership course. First aid training. FA sports teacher award course. Middlesex Cricket brought in to team teach with Y34.</p> <p><u>Raising the profile of Sports for SEND pupils:</u> Eg SEND sports competitions</p>
-------	--------	---

It is expected that Sports Premium spending should mean there is measurable improvement against the following five key indicators:

1. The engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles.

Further funds are now available for significant expenditure on improving and upgrading equipment to encourage physical development in the EYFS outdoor classroom. We have previously improved KS1 and KS2. This will mean all of our pupils have access to larger equipment that will encourage them to be more active and healthy through more challenge and a wider range of activities being made available.

2. The profile of PE and Sport being raised across the school as a tool for whole school improvement.

Extra active time in the curriculum made available for EYFS, KS1 and 5/6 which has increased children's skills and confidence in PE.

Cover and additional overtime hours has meant more children have been able to participate in competitions and events meaning participation is the norm at Foulds and therefore more children are keen to be part of one or more areas of sport offered.

3. Increased confidence, knowledge and skills of all staff in teaching PE and Sport.

Training needs were discussed with Phases and support offered and LM supported staff as needed. Middlesex Cricket brought in to team teach with Y34 (free of charge). Monitoring of lessons carried out to ensure that our teaching staff are all confident and skillful in their delivery of PE sport lessons.

4. Broader experience of a range of sports and activities offered to all pupils.

Kitemark - Foulds earned a Gold Kitemark for the first time in PE for 2018/19 thanks to the array of clubs, teams, sports and opportunities offered - both inside school and through extra-curricular activities (as detailed below)

Cricket - Foulds entered the Barnet cricket league for its inaugural year. At the Borough cricket competition our girls team almost won the title for the seventh year running, the boys team finished 3rd in the Borough and our B team finished second in their group and also almost qualified for the semi finals. Cricket club remained popular. Middlesex Cricket came in (free of charge) to support teaching of cricket in Y3/4.

Athletics - Foulds won the Barnet North Sportshall title for the 6th time running before finishing 3rd in the Borough. Foulds finished 3rd at the Quad Kids athletics event and achieved a top ten finish at the Cross Country competition. For our athletics finale at Cophall, Foulds won the field events and finished 3rd overall. All Y6 competed in the Y6 Micromarathon whilst everyone competed in the 2019 KS1 and KS2 Sports Day events. KS2 and KS1 Running club saw numbers rise.

Football - Boys and girls teams competed in the Central Leagues, Central Cup and Dick Bailey football competitions. We had Y6, Y5, Y4, Y3, Y2, Y1 and girls teams all competing at the powerleague competitions. We were also involved in B and C team games and tournaments, held a joint event with Christchurch involving our NSA club and a girls event at the Byng Road playing fields. Participation was further extended through (a new) Y34 and Y56 interhouse competitions. Friday (squad) and NSA Tuesday and Wednesday football clubs saw numbers rise.

Tag Rugby - Our Y56 team went undefeated at the Saracens rugby festival. Foulds competed in the first ever Barnet rugby league and the annual Borough competition where a B team was entered. Foulds also competed at the Y34 competition. Rugby club helped train children for these events.

Netball – Netball club for Y34 established and Interhouse was expanded beyond the Y56 tournament to a Y34 too.

Gymnastics - Our two gymnastics clubs on Mondays and Wednesdays remained at full capacity. In competition, Inter school and intra school competition was provided through a competition against Christchurch and gymnastics interhouse.

Cheerleading – Saracens Cheerleading club continued to be popular and all children in the club were entered into the Cheerleading competition where we won gold.

Dodgeball - 2019 saw our first ever inter-school dodgeball event which proved popular. This was aimed at children who had shown a good attitude to in PE but not been selected for other teams.

Dance - We performed at Barnet Dance Festival. Children put themselves forward from lower Y34 and a lunchtime club established to rehearse. .

5. Increased participation in competitive sport.

Further to that evidenced regarding broadening opportunities above - additional cover to release staff to accompany teams to events, more equipment purchased and kit allowed for more participation in competitive sport.

Membership of BPSS allowed us to continue to offer additional opportunities for children to participate in sporting events including cheerleading, football, dance, tag rugby, cricket, sportshall athletics, track and field athletics, cross country and dodgeball. We widened participation through B and C as well as offering opportunities to more year groups.

Where gaps in inter-school participation were spotted - opportunities were created e.g. inter-school gymnastics and inter school football for all NSA football club vs Christchurch. Events like the Y6 Micromartathon ensured all children in that year group competed in inter-school sport.

A number of intra-school events like KS1 and KS2 sports day, Y34 & Y56 football, netball and gymnastics competition were put on to increase participation within school.

Projected plans for 2019-2020 spending:

1. Following some tracking of which children are yet to be involved in an active club and what interests they have, we will aim to buy in further sports provision to encourage participation by more children e.g. speed stacking club.
2. Additional spending on equipment (some larger) to support the use of the new KS1 outside space for active learning and sports.
3. Additional spending on adults to organise more opportunities for more children to compete or take part in active events.
4. Additional training and updated resources to support and improve the quality of day to day teaching of PE.
5. Raising of the profile of sports for SEND pupils eg through SEND specific sporting events.
6. Introduction of chess club.
7. Introduction of a boxing club.
